We pride ourselves on our ability to service any request with regard to design, artwork, size and shape. Offering continual consultancy throughout the design period to ensure our clients are completely satisfied. We guarantee our products are of the highest quality at a competitive price and delivered to you in a timely manner.

Cast Bronze & Aluminium

to create that beautiful look, our plaques are handmade using the traditional method of sand casting and molten metal. With the latest in technological advancements we have added Picture Perfect to our casting portfolio, enabling photographic images to be cast in detail. Various colours are available, for backgrounds and details. All are finished with a protective baked enamel coating.

Stainless and Brass

are crafted from high grade material using highly specialised engraving techniques. This allows for some very creative designs.
